Welcome to the Guestbook of the RSN DX-Group
"""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""""

Radio South-North...Radio is Friendship and Friendship is Peace! ! !

Did you ever hear about something like this? No?

Okay, then let me have a little of your time and attention to tell you more what's it all bout.

We are a CB-Radio Group<CitizenBand11m on 26/27MhzBand> to make Contacts and Friendships across the whole entire Wolrd!!!! I know all this might sound really big to you right now...and agree with you in this point, it is indeed!

Our great DX-Group was found by 21RSN-001 Op.: Janne from Sweden back in the Year of 2003. Our Lifetime Membership is freely and voluntarily to purchase. And here comes the major fun part of it:

It's a " FREE MEMEBERSHIP-with NO COST" for everybody and as long as you will be a part of our huge and giant Radio Family ! ! !

What we really try to do in this matter is a way much more than just talking to people around the Globe and exchanging stupid QSL-Cards for any Dx-Diplomas or something like thais. It's like a fun raising being together, to share the same hobby we got<CB-Radio> and keep this Spirit alife to something we are all believe in and what makes us feel good. Like I already said, Radio is Friendship and Friendship is Peace! Feel free to join us and help our Group to grow bigger and bigger...

Thanks for taking a few moments of your precious time to learn more about RSN-Dx Group!!!

Hi all,

did receive approx. 25 envelopes and AGAIN some with MY FULL CALLSIGN written on it.

Please, NO CALLSIGN ON ENVELOPES, cause otherwise I could get in big problems with officials here !!!!

Be so kind and tell your friends this info, if they are not connected on internet, but already writing the envelopes to me.

Also, once again - IT IS NOT POSSIBLE TO GET CONFIRMATION BEFORE THE EVENT IS OVER !!!

The event will end June 30th 2008. After closing the event, we will wait, how many cards we will approximately have to reply. When we know this, it?s the printer?s job to print for us the beautiful Qsl, which is already as sample online on our website.

Please, pass this info again on other mailinglists, too !

Many thanks for your courtesy.

Hi all,

as manager and founder of the event, I wanna give following statement after conference with 15SD011, Mr. Steve, who is running all 15SD/EM2008/xx stations.

15SD/EM2008/G was active yesterday from 3.00 p.m. UTC - 4.00 p.m. only ! If you did talk to Steve earlier or later, there is NO log entry in 15SD/EM2008/G !

No worry, as the event is running until end of June 2008. So lots of time to log, guys !

Stay tuned for update news, when we will run the Event_Stations again on the air !

Please, forward this important info on various mailingslists, too.

Hi all,

as I received today the CF-250E common mode filter, I wanna pass you
following request:

Any difference, when I plug the filter with a cable ( 20 cm length ) from
transceiver to CF-250E instead of a PL angle with 90degrees ( male ) ?

I know, the closer the filter is connected to the transceiver, the better
job will be done.

Be so kind and let me know, cause I am a real novice in technical like
this...:-)

With Yahoo! Messenger, you get:

Free worldwide PC-to-PC calls.* All you need are speakers and a microphone (or a headset). If no one's there, leave a voicemail!

IM Windows Live™ Messenger friends too. Add your Windows Live friends to your Yahoo! contact list. See when they're online and IM them anytime.

Stealth settings keep you in control. Now you can get in touch on your time, by controlling who sees when you're online.

So what are you waiting for? It's free. Get Yahoo! Messenger and start connecting how you want, when you want.

* Emergency 911 calling services not available on Yahoo! Messenger. Please inform others who use your Yahoo! Messenger they must dial 911 through traditional phone lines or cell carriers. By using Yahoo! Messenger you agree to not use PC-to-PC calling in countries where prohibited. The above features apply to the Windows version of Yahoo! Messenger.

Hi Guys

Finally today we received some good Dx ... stations from the States (West Coast) and Hawaii were heard
and worked here in the North Island of 41 Division. Signals were very strong, also the east coast of Australia was heard and worked as well with signals being well over 5/9+.

Its been a long time since we had any good strong signals from the USA and Australia. Hopefully its an indication that the DX is on the way.

Cheers 73's

Hi all Dxers & IOTA Hunters ,

I am writing you this message via Internet Cafe in PAROS Island.

The last weekend the conditions of the Propagation were better in PAROS Island and I worked few contacts in my Log during my IOTA activation.
My QTH is NAOUSA , situated in the North-west coast of PAROS Island.I am transmiting from the Hotel with the following working conditions:

Tx-Rx: YAESU FT-857D
Mic: Original
Antenna: Vertical λ/2
Power: 170 Watt (After modification)

I am everyday active on the 11mt band (QRX on 27,555 USB) and waiting for better conditions the next 3 days.I will be active until 11th September.......
Don't forget my Monitor Frequency: 27,480 USB......

Good luck ,

As you know since last Sunday our Web page was unavailable. Server of our provider was hacked; because of this attack we have lost everything, all files and whole Database.

To have full access to our new page you must register again (the best way is to use your QRZ as login).

Now, as you see, I'm creating new OSCAR DELTA web page, I hope soon everything will be ready.
All personal and team pages will be also online soon.

You are welcome to visit our web page now: www.oscardelta.org

Caso ABC: Carta a Calderón
José Gil Olmos

MÉXICO, D.F., 19 de mayo (apro).- El 5 de junio de 2009, por negligencia e indolencia del gobierno de Eduardo Bours, se incendió la guardería ABC, ubicada en Hermosillo, Sonora, ocasionando la muerte a 49 niños y heridas a otros 75.

A un año del siniestro, 39 padres de los niños muertos y de algunos que resultaron lesionados siguen protestando porque, aseguran, no ha habido justicia y los culpables de la tragedia están libres.

Muchas versiones, incluida la opinión del secretario de Gobernación, Fernando Gómez Mont, acusan al exgobernador Bours de ser responsable por negligencia. Pero también se señala la responsabilidad de los dueños de la guardería, entre ellos una pariente de Margarita Zavala, la esposa de Felipe Calderón.

A pesar de que las investigaciones de la Suprema Corte de Justicia de la Nación concluyeron en la responsabilidad de autoridades federales, estatales y municipales, la aplicación de la justicia aún esta pendiente para los culpables de esta tragedia, quienes se han amparado en la impunidad que da el tráfico de influencias.

Más allá de lo que se pueda decir o escribir, es mejor leer la carta de un padre de familia que perdió a su pequeño en ese incendio que nunca debió haber ocurrido. Esta es la misiva –se reproduce textual-- que este padre de familia le envió al presidente de la República, Felipe Calderón, el pasado 30 de abril y cuya respuesta aún espera.

Sr. Felipe Calderón Hinojosa

Presidente de México

Ante la imposibilidad de tener un acercamiento personal con usted me dirijo por el presente medio para manifestarle lo siguiente:

Mi nombre es JULIO CESAR MARQUEZ ORTIZ, mexicano de nacimiento, con domicilio en la Ciudad de Hermosillo, Sonora. Probablemente mi nombre no le diga nada a usted, quizás porque no soy un cantante extranjero o futbolista exitoso, mucho menos propietario de algún aeropuerto en Puerto Peñasco, Sonora.

En la remota posibilidad de si haya leído o escuchado mi nombre en algún medio, no ha sido por los motivos anteriores. No, desgraciadamente ha sido porque llevo casi 11 meses, concretamente a partir del 5 de Junio de 2009 exigiendo públicamente JUSTICIA.

Mi hijo JULIO CESAR MARQUEZ BAEZ, de 2 años 9 meses, falleció víctima del CRIMEN en su contra y de 48 niños y niñas más, el día 5 de Junio de 2009 en la Guardería ABC de esta ciudad. ¿Le suena algo? Estoy seguro que si. No le debe ser ajeno lo que escribo, ya que una de los principales responsables es la Sra. Marcia Matilde Altagracia Gómez del campo Tonella, quien es familiar de su esposa, la Sra. Margarita Zavala.

Han sido 11 meses ya de no llorar por mi hijo y los demás padres por los suyos. No lo hemos hecho porque nos han quitado ese derecho, obligándonos a salir a las calles a clamar por Justicia. ¿Se puede usted imaginar siquiera todo este tiempo sin mi amado hijo, tratando a la vez de consolar a mi esposa y a mis otros 2 hijos por la ausencia eterna?

¿Le comento algo? Mi esposa duerme todas las noches abrazando una colchita que aún mantiene el aroma de mi hijo al cual cobijó hasta el último día de su vida y mi hijita de 5 años le pide a su hermanito que venga a ella en sus sueños. No tiene usted idea de lo que le hablo.

Han sido ya 11 meses de luchar contracorriente buscando justicia, de luchar contra las instituciones que se supone son las encargadas de garantizar los derechos de igualdad en la impartición de justicia. 11 meses de buscar un encuentro con usted, de revertir su indiferencia.

Este último año ha sido indudablemente el más difícil de mi vida. Creí haberlo vivido todo y no me dolía nada como la muerte absurda de mi hijo Yeyé. Eso creía, pero hoy 30 de Abril, fecha especial para la infancia del País, he sentido morir una vez más algo dentro de mí: la fe.

Este día se reunió usted de forma muy sigilosa con un grupo muy reducido de madres de familia afectadas por el incendio de la Guardería ABC. Lo hizo así, pensando que con la foto y el comunicado de prensa que se originara de ese encuentro, quedaría en la opinión pública la seguridad de que está interesado en lo que ocurre en torno a nuestro caso. Indigna darse cuenta el concepto tan grande de idiotez que tiene usted de los Mexicanos. Está usted muy equivocado.

Hoy he visto con dolor, con tristeza y con rabia, cómo se encargó usted, con la burla que ha hecho objeto a nuestro sufrimiento, de simular que le interesa la niñez de México. La poca fe que podía sentir hacia su investidura, ha muerto. Estoy seguro de que en mí se ejemplifica el sentir de millones de Mexicanos que han vivido una y otra vez en carne propia los errores de su gobierno. Mi sentir se magnifica al recordar que yo fuí uno de los millones de personas que lo pusieron donde está, al tomar la decisión de votar por usted, cayendo en la propaganda de que el peligro para México estaba en otro lado, sin imaginar que esa publicidad se haría realidad en usted. Hoy siento la culpa moral de que si yo voté por usted, y usted y su gobierno son unos de los responsables de la muerte de nuestros niños, entonces yo soy quien también ocasionó la muerte de mi hijo.

Casi siempre hay oportunidad de enmendar los errores, por eso le digo a usted Sr. Felipe Calderón Hinojosa, que ante la pérdida de fe y de respeto hacia su persona por sus acciones tan lamentables, a partir de hoy, USTED YA NO ES MI PRESIDENTE y por ello jamás lo volveré a nombrar así. Quizás no le importe lo que pueda sentir uno solo de los Mexicanos que dice usted gobernar, pero la decepción que ocasiona usted a un Padre de familia agraviado por su Gobierno debería hacerlo reflexionar para tratar de terminar su mandato de forma digna. Dese cuenta que hay millones de personas en este país que se sienten agraviados, aunque usted y su publicidad oficial digan otra cosa.

Yo no sé si esta carta me pueda ocasionar alguna consecuencia en contra, pero estoy dispuesto a afrontarla. Si el sistema que usted dirige terminó con la vida de mi hijo y con mi fe hacia ese sistema, ¿qué más puede pasar?

Por último, le digo que aunque en lo personal a mi no me interesa ya verlo, exijo como Padre de familia que se presente usted aquí en Hermosillo a la mayor brevedad posible y enfrente a todas las familias agraviadas que solicitan verlo para expresarle su sentir.

Sólo así, iniciará usted el camino hacia la reivindicación Presidencial.

ATENTAMENTE

JULIO CESAR MARQUEZ ORTIZ

PADRE DE FAMILIA DE JULIO CESAR MARQUEZ BAEZ,

FALLECIDO COMO CONSECUENCIA DEL INCENDIO EN LA GUARDERIA ABC

Hi all Dxers & I.O.T.A Hunters ,

I would like to announce you that few hours ago I arrived back at my home in ATHENS from ANDROS Island.

During my short holidays of this weekend in ANDROS Island (18AT/EU067/AI) , I worked few QSOs in my LOG due to the low Propagation.
This Summer I will be active again at irregular times or weekends....

I am inviting you on my Website just to watch my new photos from ANDROS Island & also my Proofs of this weekend via this link:
http://18at122.gr/18ATEU067AI_ANDROS.htm

Direct letter from ANDROS Island posted also to the Proof Manager: 1AT084 Mr Giorgio.

# 842. 2010 EMU Field day

Yahoo group: alfaromeodx
Date: 2010-09-23 10:34:08 UTC
From: 18AR001 ILIAS
Topic: 842  Message: 842

2010 EMU Field Day
Introduction
The EMU Field Day (EFD) © will take place on September 25th and 26th 2010 offering 48 hours of exciting field action!
In addition to the main aim which is to have 'fun-in-the-field-with-friends', essentially, the aims and objectives of the EMU Field Day (EFD) are to encourage and promote portable and field 27 MHz DX operations; to provide familiarisation with portable operation; and to foster camaraderie amongst affiliated club members and clubs through the scientific medium of radio communications.
Over the EMU Field Day (EFD) weekend, teams of radio operators (Hams, CBers, Freebanders and partners/friends) are expected to take to the field from a variety of different DXstinations, which are likely to include mountain summits, hilltops, national parks, coastal headlands, beaches, farms and more!
Whether it's from a gazebo or marquee strung up between two coconut palms on some far-flung little island in the Pacific Ocean area or a caravan or tent setup in Euro city suburbia, the station must comprise equipment operating from a power source independent of any permanent facilities which is the normal location of an operating station.  On this note, batteries, portable generators, solar power and/or wind power are all permissible sources of power for an EFD station.
Complete EMU Field Day (EFD) rules and guidelines are listed below.  (For additional infos in French please see http://radio-dx44.xooit.com/t1421-Field-Day-2010-de-l-EMU.htm#p5216 or in Polish language at http://161.oscardelta.org/?page_id=744)

Rules/Guidelines
Dates/Times:
* Start:  September 25 2010, 00:00UTC
* Finish:  September 26 2010, 23:59 UTC

Participation
* Any radio club team is welcome to participate in the EFD – regardless of whether or not their club is an affiliated EMU member (See http://www.emudx.com/clubs/)
* All participants should adhere to the guidelines set out by the the Eleven Meters United (EMU) agency so as to maintain conhesion in the event

FD Teams
* Teams should register their intended participation in the event by emailing the EFD Project Managers (See below) with their intended location, station details, participating members, etc.
* Single operator teams are permitted in the EFD however a team composed of two or more operators is preferred for safety reasons
* Members from different radio clubs can unite to form an EFD team…no problems!
* To assist with tallying scores, all FD Stations must use the  progressive numbers system rather than 'in the log'

Callsigns
* All participating EFD Teams are issued with a special callsign suffix beginning with the

letters FD, followed by 3 numerals.
[For example: A team of Oscar Delta members in Poland participating in the EMU Field Day (EFD) might be allocated the callsign 161OD/FD-001.  And again, 14DA/FD-002 might be the callsign allocated to a team of DA-RC members in France participating in the EFD, etc. etc.]
* Callsigns are issued by the EFD Project Managers in consultation with the prospective EFD team and details are then added to the Eleven Meters United website advertising the new team
Categories
1.  FD [1, 2 or more operators participating as stations in the field]
2.  FD Hunter [Single operator only]

Scoring
FD Hunter [Single op]
* The FD Hunter who works the most EMU Field Day (FD) stations is the winner.  In the event of a tie, the sum of all progressive numbers will be calculated with the lowest total declared the highest place getter.  The FD Hunter is not required to issue progressive numbers when contacts with FD Stations are made.  “In the log” is fine
[For the purpose of this event, an FD Hunter is defined as one where one person performs all operating, logging and spotting functions without the assistance of another member of his club or person].
Multi-FD [1, 2 or more ops]
* This is a non-competitive category which comprises the EMU Field Day (EFD) stations.  It is possible for EMU Field Day stations to contact other EFD Stations and RX progressive numbers.  Any progressive numbers RX by an EFD Station cannot be used by individuals participating in that field station for the FD Hunters category.

* http://wavesfriends.free.fr/file/efd/EFD-LOGBOOK-To-be-printed.pdf
* http://wavesfriends.free.fr/file/efd/EFD-Official-LOG.xls
Modes & Frequencies

All modes are able to be used (Digimodes, CW, voice, SSB, AM, FM)
 26.220 MHz-27.700 MHz [Operators and stations are encouraged to adhere to their country's legal frequency allocation]
Submitting Your Log
* Logs must be submitted via email or snail mail to the Project Managers
* For each contact: UTC time, frequency, mode, station worked, RST sent, progressive number TX and RX and claimed score
* Optional EFD Log Sheets are available from the EFD Project Managers
* Logs should be accompanied by a summary sheet showing: callsign, name, mailing address, category entered, number of contacts, claimed score, location of the station during the contest, and equipment used
* For multi-operator FD stations, the names and call signs of all operators in the team must be listed
* Logs must be date stamped or postmarked no later than November 1, 2010.
* The address for logs via snail mail is: EFD, PO Box 70113, 31772 Colomiers, FRANCE

Proofs
* Proofs should accompany the log and these will be forwarded to the Freeband Activity Confirmation Team (F.A.C.T.) (See http://www.emudx.com/fact/) for approval.  Proofs must include photographs and/or a short video of the station with particular focus on the

independent power supply.
Disqualification
* All EFD stations must operate from a power source independent of any permanent facilities.  Batteries, portable generators, solar power and/or wind power are all permissible sources of power for an FD station.  Any FD station which does not comply with these guidelines and cannot provide appropriate proofs showing the power source used will not be validated.
* Any log which shows irregularities once cross checked by the EFD Project Managers will be deemed invalid until further information is provided by the EFD Team.

FD Hunter Prizes

# First Place:
* Trophy Cup
* Certificate

# Second Place:
* Trophy Cup
* Certificate

# Third Place:
* Trophy Cup
* Certificate

FD Station Prizes
* In accordance with the aims and objectives of the EMU Field Day (EFD) (See above), most notably being to promote fun-in-the-field-with-friends, there are no prizes for FD stations which attain high numbers of contacts – except for congratulatory pats on the back .  Instead, a special EFD Participation certificate will be emailed to each and all of the participating members of the team so that it can be printed for the radio shack wall.
Results
* The results of the 2010 EMU Field Day (EFD) will be posted on the EMU web site and distributed to EMU affiliated clubs and partners (See http://www.emudx.com/about/partners/) immediately after place getters are notified.
